single-serve coffee & espresso POD brewer

Programming the Machine

SET THE BREWING TIME

The Coffee Brew Button and the Espresso Brew Button can be programmed to your taste by adjusting the time it brews from 15-120 seconds.

- Press and hold the selected Brew Button until the machine starts to brew. Once the desired amount of coffee or espresso is in your cup, stop the brewing process by releasing the button. The ePOP is now programmed to brew your desired amount of coffee or espresso.
- The next time you brew a coffee or espresso, simply press and release the desired brew button.
- The programmable buttons can be adjusted at any time.

* The grind for different coffee and espresso pod manufacturers may vary slightly and the water may brew slower or faster through different pod brands. You may want to reprogram the brew time as needed.

DEFAULT SETTINGS

Following are the ePOP's default setting times:

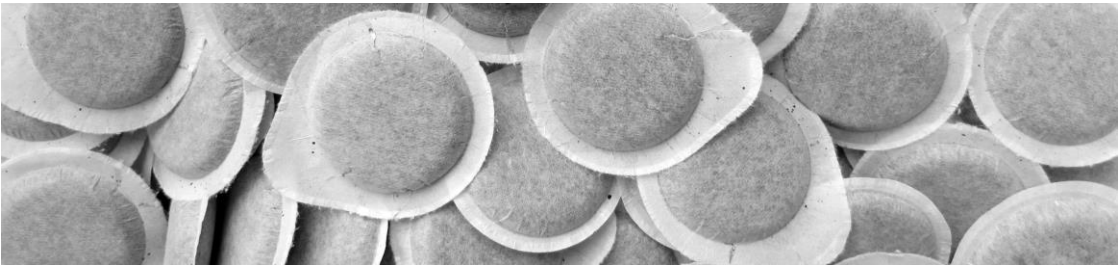

FACTORY RESET

The ePOP® can be reset to the manufacturer's default settings by performing the following:

- Turn the machine switch OFF.
- Press the BIG CUP button and turn the machine switch ON at the same time.
- After 3 seconds or when you see the buttons flash, release the BIG CUP button.
- The ePOP is now back to the default program settings.

ABOUT PODS

The ePOP® uses eco-friendly CPS (Coffee Pod Standard) and E.S.E. (Easy Serving Espresso) pods that are 44mm in diameter with approximately 7 to 8½ grams of ground coffee. A coffee or espresso pod is a pre-measured portion of ground coffee compressed between two biodegradable paper sheets and packaged individually in an air-free environment to assure maximum freshness with every cup. Paper pods are easy to use, convenient and mess free. Shelf life is 24 months.

The ePOP has Italian engineered state-of-the-art commercial grade hydraulic high-pressure brewing technology. Because of its innovative technology, it makes an excellent cup of coffee or a rich and robust Italian style espresso in no time.

REPLACEMENT PARTS

All removable parts can be ordered by contacting customer service at www.podhead.com

Do not throw away the brewer with the normal household waste at the end of its life, but hand it in at an official collection point for recycling. By doing so, you help to preserve the environment.
